Paper weights	60-120 g/m ²
Capacity/min.	up to 115 sheets
Power supply	220-240 V/50 Hz

IDEAL 8305

Features

PAPER EJECTION Stream delivery paper ejection system conveyed by belts and three manually selectable ejection roller positions.

CONTROL PANEL Four push buttons and the digital display with the addition/subtraction counter guarantee an easy, uncomplicated operation.

FOLDING POSITIONS Fold symbols and colour codes indicate the positions of the fold stops on the two pockets for easy setting of the different fold types.

STORES EASILY Feeding and paper receiving trays fold away. Compact dimensions and only 15 kg make it fully portable.
